I-35 Pavement Marking Project Set to Begin in Wyandotte County

On Friday, October 14, a pavement marking project will begin on northbound and southbound I-35 from Southwest Boulevard to the Kansas/Missouri state line in Wyandotte County. This project includes replacement of all permanent pavement markings, including all adjacent interchanges, between Southwest Boulevard and the Kansas/Missouri state line.

Crews will complete work, 24/7 round the clock, on two consecutive weekends beginning at 7:00 p.m. on Friday evening and reopening to all traffic at 5:00 a.m. on Monday morning for the weekends of October 14-17 and October 21-24, weather permitting. I-35 will be reduced to one lane at times during the weekend work. Advance message boards will alert drivers to the lane/ramp closures. No marked detours will be provided. Drivers should expect delays and are encouraged to use alternate routes, if possible. A 50 mph speed limit will be posted throughout the project work zone. Updated daily traffic information for this pavement marking project can be viewed online at: www.ksdot.org/kcmetro/laneclose.asp.

Twin Traffic Marking is the primary contractor on this $199,475 pavement marking project.

The entire project is scheduled to be completed by late October 2011.

This project is funded by T-WORKS, the transportation program passed by the Kansas Legislature in May 2010. Find out more about this and other T-WORKS projects at: http://kdotapp.ksdot.org/TWorks/.
The Kansas Department of Transportation urges all motorists to be alert, obey the warning signs, and “Give ‘Em a Brake!” when approaching and driving through the project work zone. For more information on this pavement marking project, please contact Kimberly Qualls, Northeast Kansas Public Affairs Manager, at (785) 640-9340, or Burt Morey, Metro Engineer - Olathe, at (913) 764-4525.
