FOR IMMEDIATE RELEASE

RECOMMENDED ALTERNATE ROUTES in NORTHEAST KANSAS

As of Tuesday, June 28, 2011, 9:30 a.m.

Due to road closures north of Kansas in neighboring states related to the Missouri River flooding, and ongoing construction projects in northeast Kansas, the Kansas Department of Transportation (KDOT) is recommending alternate routes for travelers wishing to travel through northeast Kansas.

US-59/Amelia Earhart Bridge – NEW!

US-59 is **NOW COMPLETELY CLOSED** to all traffic over the Amelia Earhart Bridge in Atchison County, Kansas to the US-59/US-45 junction in Buchanan County, Missouri, due to flooding on the Missouri side of US-59 (as of 9:45 p.m. on Monday, June 27).

Alternate Routes for Missouri River Bridge Crossings: Until further notice, drivers can follow K-7 north to US-36 east and cross over the Pony Express/US-36 bridge in St. Joseph, MO, and/or drivers can travel K-7 north or MO 45 north (out of Kansas City metro) and cross the Centennial Bridge/K-92 in Leavenworth, KS. **NOTE:** A repair project on the Centennial Bridge has traffic restricted to ONE 12-foot wide lane across the bridge. Traffic is directed by traffic signals across the bridge which may cause minor delays during peak travel times.

US-36

US-36 is **not recommended** as an alternate route through northeast Kansas due to existing construction projects and lane closures. **NOTE:** A two bridge replacement project on US-36 has traffic restricted to ONE 12-foot wide lane across both bridges. Traffic is directed by traffic signals across both bridges causing delays with heavy traffic.

The **recommended route** through northeast Kansas is as follows:

- For southbound travelers into Kansas: Take US-75 south to K-20 east to US-73 then north to US-36 east. Note: Traffic on US-36 will encounter **DELAYS of up to 15 minutes** for a resurfacing project on a 14.5-mile stretch of US-36 just west of Ash Point Road which will end at the east end

of the city of Troy at East Locust in Doniphan County. A flagger/pilot car operation will direct traffic through the work zone, daily, Monday-Saturday, during daylight hours.

- For northbound/westbound travelers into Nebraska/Kansas from Missouri: take US-36 west to US-73 south to K-20 west to US-75 north.

For Kansas Road Information related to flooding: KanDrive is the online travel info portal, www.KanDrive.org, that displays information from KDOT's traveler information technology, including highway cameras, dynamic message signs, traffic management centers and 511 phone, online and mobile (<http://511mm.ksdot.org>). Travelers can obtain updated road conditions simply by calling 511 from any phone (landline or cellular), or by clicking on the following link: <http://511.ksdot.org>, drivers can obtain updated all of Kansas road conditions at **anytime, day or night.**
