US-69 & I-435 Interchange Area Improvement Project Info
Now Available on KDOT’s KC Metro Website

To learn about and keep updated on the US-69 and I-435 interchange improvement “Red Project” in Johnson County, you can now find detailed project information on the Kansas Department of Transportation’s (KDOT) Kansas City Metro Area website located at: http://www.ksdot.org/kcMetro/projectstudytest.asp. Project information that is now available online includes: construction phasing, traffic impacts, noise wall installation, and two video simulations highlighting new traffic movements for the future interchange area once improvements are completed.

Once you are on the projects and studies page, scroll down under the **US-69 & I-435 Interchange Improvement "Red Project"** heading to find links for detailed information on the project as listed above. The website will be kept updated throughout construction on this two-year improvement project. Construction on this interchange improvement project began earlier this week.

Planned improvements on the project will add auxiliary lanes to I-435 between US-69 and Quivira Road. It will also continue improvements on US-69 from 103rd Street to 119th Street. These improvements will help address congestion at the I-435 and US-69 interchange.

US-69 is a top priority for the City of Overland Park and they will contribute $8 million toward project construction. The estimated construction cost for the project is $102 million with an estimated economic impact, or benefit of $779 million. Clarkson Construction is the primary contractor on this two-year improvement project. Project construction began in July 2011 and scheduled for completion in late 2013.
The US-69 and I-435 interchange improvement project is part of KDOT’s T-WORKS program and the selection of this improvement project was announced in February 2011. Find out more about this and other T-WORKS projects at: http://kdotapp.ksdot.org/TWorks/.

For more information on this improvement project, please contact Kimberly Qualls, Northeast Kansas Public Affairs Manager, at (785) 640-9340.
