18th Street Bridge Replacement Study Public Open House Scheduled for August 8

The Kansas Department of Transportation (KDOT) is hosting a public information meeting for the 18th Street Bridge Replacement Study on Thursday, August 8. The public is invited to attend the open house style meeting anytime between 5:00 p.m. and 7:00 p.m. at Joe E. Amayo Argentine Recreation Center, 2810 Metropolitan Avenue, Kansas City, KS 66106.

At the open house, attendees can learn about the study and provide input on the draft alternatives being considered. KDOT and project team staff will be on hand to answer questions. There will be no formal presentation.

The purpose of the study is to identify a replacement alternative for the 18th Street Bridge before further rehabilitation is required. The bridge is nearing the end of its service life and any further rehabilitation beyond the repairs conducted in 2018 can no longer cost-effectively maintain this structure. It is estimated that the repairs made in 2018 will extend the service life of the bridge 5 to 10 years.

For more information on the 18th Street Bridge Replacement Study, please contact Mike Quizon, Public Affairs, (785) 640-9340 or Michael.Quizon@ks.gov or Benjamin Ware, P.E., Road Design Leader, (785) 368-8247 or Benjamin.Ware@ks.gov.
