KDOT to repair U.S. 69 bridge over I-35

Beginning Saturday, August 3, the Kansas Department of Transportation will perform bridge repairs on U.S. 69 over I-35 in Lenexa. The project will replace the bridge deck, rehabilitate the bridge and reconstruct pavement on U.S. 69 from the southbound I-35 to southbound U.S. 69 exit through the southern approach slab of the bridge. The project is expected to be completed by this December, weather permitting.

The ramp from southbound I-35 to southbound U.S. 69 will be closed for the duration of the project. The detour is southbound I-35 to eastbound I-435, then U.S. 69. Motorists expecting to travel to points along U.S. 69 south of 87th Street will need to follow the detour. Motorists should plan ahead and allow for extra time.

There will also be intermittent road closures on I-35 in both directions in the vicinity of the bridge due to overhead work.

Clarkson Construction Company of Kansas City is the primary contractor on the \$3.7 million project.
