**KDOT field survey at K-32/158th Street intersection underway in
Leavenworth County**

A Kansas Department of Transportation (KDOT) field survey is underway at the K-32/158th Street intersection in Leavenworth County.

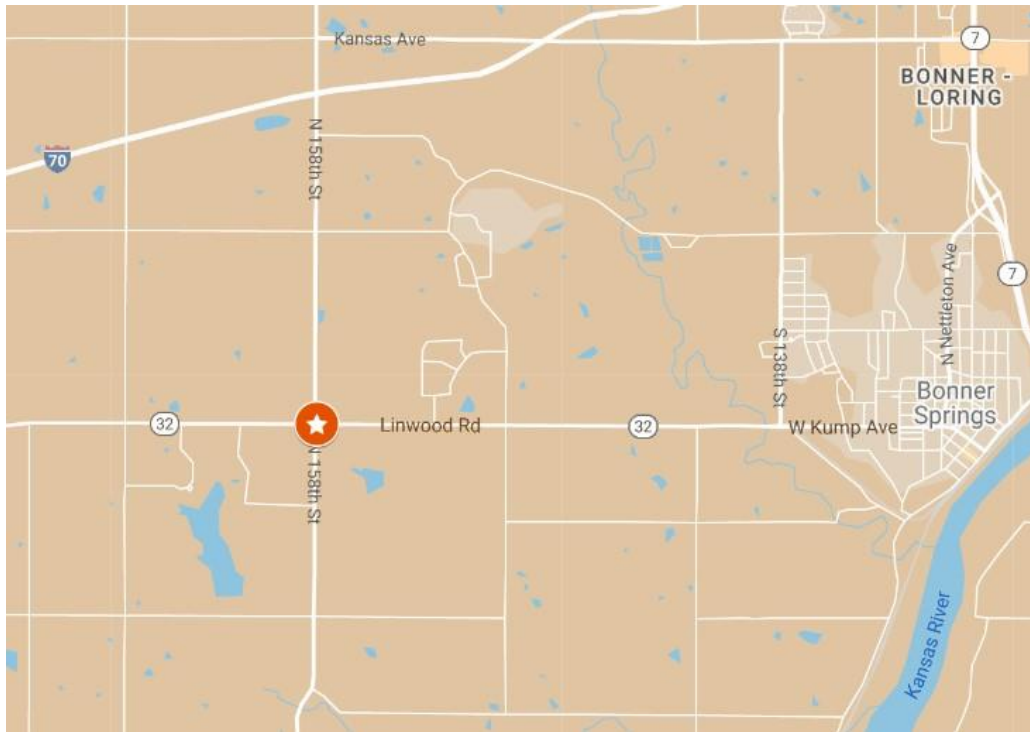

This survey is to gather information necessary for the detailed design of proposed intersection improvements.

The survey area includes approximately 3,500 feet of K-32 and is estimated to be completed in October.

Michael Lay, P.S., Survey Project Manager, GBA, is managing the survey for KDOT.

A member of the survey crew will first contact property owners and/or tenants for permission to enter private property. Survey activities include the use of survey instruments on the ground to determine locations of existing features within the survey corridor.

Map below shows survey location marked in orange.
