Put the Brakes on Fatalities

About 37,000 people die in traffic crashes each year across the United States. That's nearly 101 fatalities every day. Let's encourage everyone – drivers, passengers, pedestrians and cyclists – to exercise caution every day and Put the Brakes on Fatalities.

In Kansas, children are more likely to be buckled up if the driver is also belted.

If the driver is belted, about 95% of children in the vehicle are also belted.

If the driver is not belted, only about 25% of the observed children were belted.

Always make safety your top priority when traveling

Drive as if your life depends on it.

The truth is - it does.

- ♦ Wear protective gear. Seat belts in vehicles and helmets for cyclists greatly reduce injuries or deaths.
- ♦ Drive courteously and defensively.
- ♦ Don't speed or drive aggressively or while impaired.
- ♦ Know and obey signs and signals.

A DUI will cost you about

\$10,000

- ♦ Fines and court fees
- ♦ Attorney fees
- ♦ Installation of ignition interlock
- ♦ Monthly fees for ignition interlock
- ♦ License suspension/reinstatement fees
- ♦ Higher insurance premiums
- ♦ Potential loss of employment

Five seconds is the average time your eyes are off the road while texting. When traveling at 55 mph, that's enough time to cover the length of a football field.

Eyes off the road?

Hands off the wheel?

Mind off of driving?

You're driving distracted

Put the Brakes on Fatalities Day

Sponsored by local, state and national organizations to improve transportation safety
